

Machine Tools

FPT

5-axis CNC milling and boring machines for aerospace, power generation, die & mold and general applications.

Romi Machine Tools

World leader in conversational CNC combination and production lathes.

WFL Millturn Technologies

World leader in multifunctional milling-turning-drilling centers.

OR Victor Taichung

CNC Turning and Machining Centers
 Well built machines with proven technology.

Mitsui Seiki

Horizontal and vertical, 5-axis machining centers
 Jig borers and precision grinders

ELB Grinders

CNC creep-feed and surface grinders for aerospace and complex alloy applications.

Hankook

Heavy Duty CNC Vertical Boring & Turning

Kent

Manual and automatic surface grinders.

Scotchman

Ironworkers, Cold & Band Saws, Measuring Systems.

Revolution

Most efficient CNC Mill for 3D Contouring

Cubic

Swiss Type CNC Lathes

Chmer

Wire, CNC Sinker and Driller EDMs.

Royal

Manual lathes and mills.

Jet

Woodworking, Metalworking, Material Handling.

C Marshall Fab

Press brakes, shears and MG rolling equipment.

Used Machines

Buy, sell and broker used equipment.

Accessories

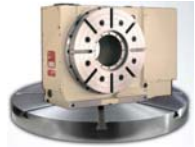

EZset

Precise offline tool presetter, compact design, user-friendly style. EZset: Small investment, big results!

Koma

Tsudakoma rotary tables and indexers, Alberti and Koma angle heads and Alberti high speed air driven tools.

Alpha Workholding

Premier American manufacturer of Permanent Electro magnetic workholding and material handling products.

Air Turbine Tools

Spindles operating at constant speeds from 25k rpm to 90k rpm up to 1.4HP, maintaining torque under load. Add capability to current machining center.

SpiderCool

Programmable coolant nozzle that automatically aims a higher volume coolant stream at the cutting edge of every tool of any machining center.

CncGcoder® HDx

Handheld tool for backing-up, editing, and transferring CNC machine tool G-Code programs.

Metris

Complete range of metrology solutions including CMMs, Optical CMMs and software for 3D inspection and reverse engineering.

Controls & DRO's

Digital readout systems and CNC Controls from Newall, Acu-Rite, Anilam and Fagor

Mach-1

R-8 quick change tool system for knee mills.

Buck Chucks

Buck Chuck with trademarked Ajust-Tru® feature, which allows concentricity adjustments to near zero.

Kurt Workholding

Machine vises and tombstones.

Machine Tool Service

CNC & Manual Calibration

Any machine and control. Reasonable rates.

Spindle Parts & Service

Linear and rotary calibration and geometry alignments.

Spindle Parts & Service

Spindle Rebuilding & Repair, Gearbox Repair, New Spindle Systems, and Spindle Maintenance Products.

Rebuilding

Partial and complete rebuilds.
